EDUCATION

2017 – 2021 | Bachelor of Science, Information Technology
King Mongkut's University of Technology Thonburi (KMUTT)

WORK EXPERIENCE

Senior Digital Experience and E-Commerce | Learn corporation AUG. 2025 - NOW

- Managed and optimized *shop.ignitebyondemand.com* to deliver a seamless, user-focused shopping experience across devices.
- Collaborated with Marketing, Design, and Development teams to align website content, campaigns, and features with business goals.
- Monitored and analyzed site performance metrics (conversion rate, bounce rate, traffic sources) to identify improvement opportunities.
- Executed A/B testing and implemented UX/UI enhancements to boost engagement and sales.
- Oversaw product data accuracy, promotional updates, and campaign-specific landing pages.
- Ensured system stability, security, and speed through regular quality checks and troubleshooting.
- Applied Agile methodology to plan, prioritize, and deliver website improvements on time and within scope.

Key Product Initiatives & Achievements:

- Led the redesign of website layouts and features, improving user engagement and responsiveness across devices.
- Collaborated cross-functionally with product managers, developers, and UI teams to align design solutions with business objectives.
- Conducted usability testing and implemented feedback loops, reducing user friction and boosting satisfaction scores.
- Analyzed user behavior data to drive design decisions, resulting in measurable improvements in click-through rates.
- Delivered projects within agile sprints, ensuring timely rollouts of high-priority product features.

WORK EXPERIENCE (CONT.)

User Experience Designer | Thairath Online

SEP. 2022 – AUG. 2025

- Led UX design and development of user-friendly, Mobile-First responsive layouts across key digital platforms, enhancing content accessibility and user experience.
- Collaborated cross-functionally with product and development teams to translate business requirements into wireframes, mockups, and interactive prototypes, ensuring alignment with strategic goals.
- Conducted in-depth user research, competitor analysis, and usability testing to inform design decisions and validate solutions, iteratively refining designs based on user feedback.

Key Product Initiatives & Achievements:

- *Ad Viewability Improvement (Lead Project)*: Led end-to-end Agile project to optimize ad placement and implement lazy loading. Achieved a +12% increase in % Active Viewable Impressions and +8% growth in viewable ad revenue, exceeding Google Ad Manager benchmarks.
- *Thairath Econ Project*: Led UX improvements for the Business & Economy section, enhancing content accessibility and advertising effectiveness. Proposed data-backed solutions based on competitor analysis and user research, balancing user engagement with business objectives.

Product Designer (UX/UI) | AP (Thailand)

MAY – AUG. 2022

- Controlled and improved user experience processes across the platform, ensuring compelling and user-friendly customer flows.
- Conducted comprehensive UX/UI flow audits and analysis to evaluate effectiveness and identify optimization opportunities, presenting findings to cross-functional teams.

Key Product Initiatives & Achievements:

- *fitfriend.co*: Researched Fit.Friend users to develop new features, optimized Customer Experience and User Experience for maximum satisfaction, and designed intuitive UI/promotional banners that contributed to user acquisition.

UX/UI Designer | G-ABLE

JUN. – NOV. 2021

- Designed innovative UX web and visual communication, seamlessly integrating with brand and product strategies.
- Enhanced and integrated designs and UX into web platforms based on evolving business directions, addressing usability and marketing constraints.

Key Product Initiatives & Achievements:

- *byteanalysis.me*: Improved news website by optimizing daily/weekly/yearly business analysis reports for marketers and sales through user research and design.
- *Data Driven Organization*: Designed and improved real-time quarterly company business overview dashboards on Power BI for executives, transforming raw data into meaningful, actionable insights.

Product Designer (UX/UI) | Eatlab

JAN – APR 2021

- Conducted concept and usability testing, gathered user feedback, and created personas to define optimal interaction models and solve UX problems (usability, findability).
- Developed user-centric wireframes and prototypes, effectively communicating design ideas to developers.

Key Product Initiatives & Achievements:

- *eatlab.ai*: Designed and improved a sales report dashboard for restaurants by analyzing POS data to forecast sales and enhance user experience, validated through interviews, observation, and questionnaires.
